Marion's heart-warming contact as well as her openness made us feel at ease instantly. She knows Shanghai in depth, so we got to visit places we would have never even known existed without her. We also had an unbelievable Chinese foot massage and could attend an outstanding acrobat spectacle. BRAVO !

Patrick and his clients. (FR)

During our 2 days relocation tour, we have visited many compounds with houses and apartments, on both sides Pudong and Puxi. We were given information on schools, hospitals and on the main places in Shanghai. When coming back to the US, we could make our decision being helped with the lease contract and everything. This was really a big help!.

Vickie and John H. (US)

During my business trip, I only had 4 hours' spare time in Shanghai. Thanks to Shanghai link, I managed to not only visit an amazing typical market for grasshoppers and birds, and visit the old Chinese Town, but to also buy quality items for my family and myself (not as a tourist but at real negotiated prices, in Chinese);

This was great fun, big help and great savings!!.
